Subject: Re: Gold King Mine updates

Hi Sarah,
Thank you for the updates. Hopefully this will never happen again.
As the San Juan Public Health Dept. located in Blanding, Utah has the San Juan River running through our county, we as the health dept. are asking is there anything that we can do in the future to help you.
Please let me know.
Sincerely,
Rick Meyer
Environmental Health Director

Hi all –

Here's the link to where EPA will be posting sampling data as it becomes available:

<http://www2.epa.gov/goldkingmine/data-gold-king-mine-response>

That website will house all EPA info related to the event, and will be updated regularly.

I will be out of the office 8/17-21, returning 8/24. While I'm out, Gina Cristiano will be your best point of contact for all aspects of the response (Cristiano.gina@epa.gov, 303-312-6688).

Thanks!

Sarah E. Bahrman | Acting Director, Water Program | U.S. Environmental Protection Agency - Region 8
